MOSQUITO CONTROL PROGRAM – KANATA NORTH

Weekly report – May 24th to May 30th, 2026

MONITORING and WEATHER

Accumulation of water: A total of 14,3 mm of rain was observed during this period.

Date of precipitation: May 24th, May 25th and May 28th.

Is there presence of larvae on the field?: Yes No

Note: Rainfall received this week was insufficient to trigger new larval hatchings, with the exception of a few areas within cattail stands where sporadic hatchings with low to moderate larval densities were observed.

Carp river water levels remained low and did not impact nearby larval habitats.

TREATMENT

Was there a treatment?: Yes No

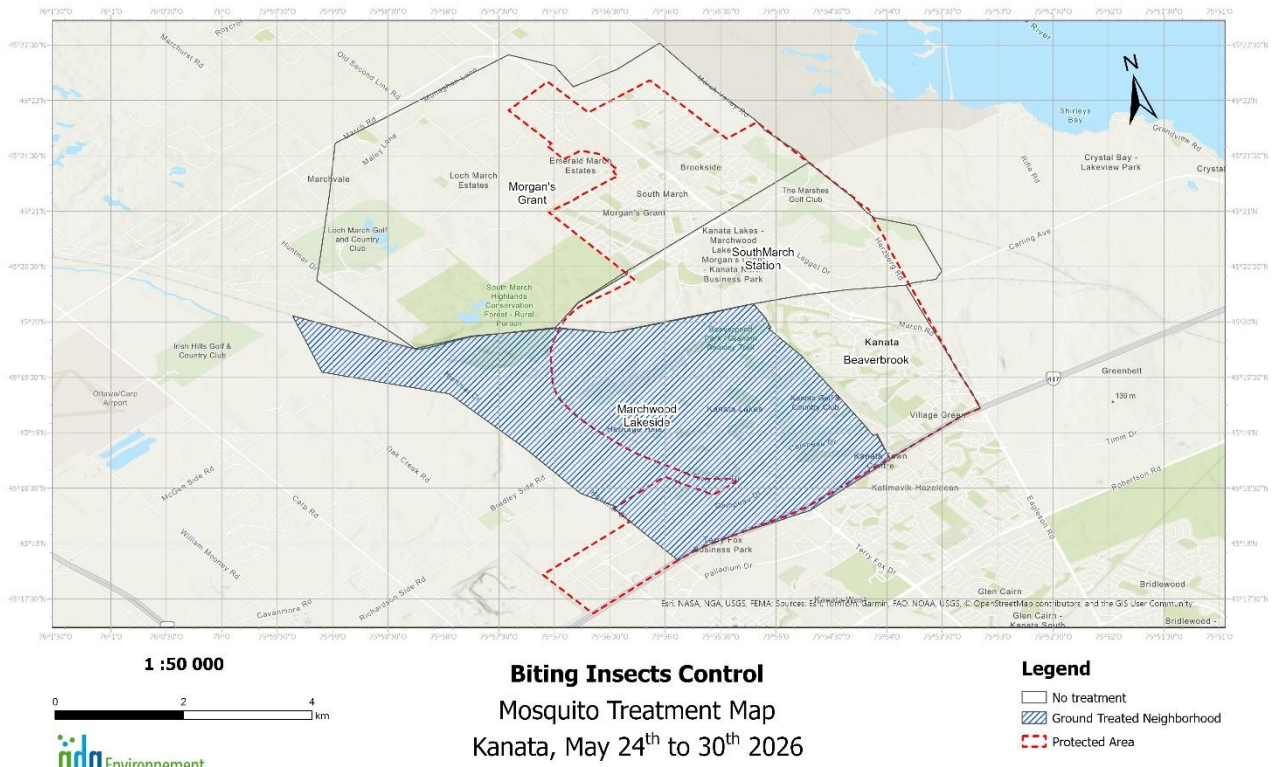

Type of treatment: Ground Aerial

Date of treatment: Ground treatments were carried out on May 30th in areas where larval hatching was observed. This concluded the third treatment of the season.

Note: Below is the treatment map for the dates covered in this report:

POST TREATMENT

Was there a post-treatment? : Yes No

Mortality was optimal at all verification sites.

Is there another treatment to be done?: Yes No

Note:

TRAPPING

Was there trapping this week? : Yes No

Number of traps: 5

Locations:

- Ernest Smith Park
- Beaver Pond Park
- Farrar Rd.
- South March
- Richarson Ridge Nature Trail

Kanata nuisance mosquito control GDG 2026

CITIZEN REQUESTS

Were there any key requests from citizen or from city this week? Yes No

Citizen's location: Bannock Crescent

Request's date: May 24, 2026

Request's details: Resident requested treatment of a backyard overflow sewer drain for mosquito larvae.

Action taken: We redirected the request to the City of Ottawa's WNV team for follow-up, as this type of treatment falls under their responsibility.

7

FORECAST

Forecast for next week (May 31st to June 6th):

Based on this week's rainfall forecast, no new larval development is anticipated and therefore, no treatments are planned at this time. This situation may change if unexpected rainfall occurs.

Possible treatment: Yes No

If yes:

Type of treatment: Ground Aerial

Anticipated Schedule: N/A
